Parent Payments 2022 - Foundation

27 October 2021

Dear Parents/Guardians,

At Great Ryrie Primary School, we are proud to offer our students a comprehensive, well-resourced education program, which meets their individual needs and aspirations. We provide rich and diverse learning experiences which extend well beyond the standard curriculum. We are looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2022.

In our quest to provide exceptional student learning opportunities, Great Ryrie Primary School Council has approved the school's parent contributions for 2022, consistent with associated school-level and "Department of Education and Training" (DET) policies. These policies may be viewed on our website (www.greatryrieps.vic.edu.au).

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through making voluntary contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to provide iPads and up to date ICT equipment in every classroom, curriculum enhancing digital programs, a range of consumables to support enhanced specialist programs including science elements, upgraded readers, Chaplaincy Support, First Aid Support, Sporting equipment, Performing Arts equipment and instrument upkeep, grounds maintenance and improvement and much more.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Karen Rouda
