Permission to Use Photos of Students 2020

Dear Parents and Carers,

There is a possibility that your child may have their photo taken by outside publications (eg. local papers) during 2020 to promote and support school events.

At Great Ryrie Primary School we celebrate the efforts of our students by mentioning their participation in school events and their achievements in our school newsletter. Occasionally photographs of students are included. We also use photographs of students in our school magazine along with examples of their work. Photographs of students are on our school intranet site. On the school website there are images of students but we only ever use group photographs and we identify a student only by their first name, class or year number. If an individual photograph and full name is required, we will only publish this on the website with the consent of the parent and student.

We allow parents to record school performances that are not protected by copyright, as this creates a memento that can be shared with other family members. Video or audio recording is permitted at school under a copyright license paid by DET on behalf of all government schools (AMCOS/ARIA license).

We invite local press to school events and they are expected to follow school policy on the publication of photographs of students. When a story is about an individual achievement we will always seek your consent before passing information or photographs to the press for publication. Unless a story features an individual child, only group photos are published and students are identified by first name and year only.

If you have any concerns about how photographs of your child may be used by the school please let us know.

We ask you to please sign the attached form giving your permission for your child to be photographed should the situation arise.

Yours sincerely,

Doug Elliott
Principal
